Fancy a flutter?

Would you like to lease a racing pigeon for a season and have it managed for you by a top team of racing pigeon experts? The cost of entry is £130 per bird. Your bird will be bred by one of the top racing lofts in the UK. The pedigree and a framed photograph of your bird will be sent to you once it has arrived at our racing loft. You or your syndicate can visit the racing loft at Stoke, view your bird and have your photograph taken holding your racing pigeon. Our aim is to generate lots of fun and show off our wonderful hobby to everyone.

Your bird will have the necessary training flights and the opportunity to race in 3 inland races within the UK. Each race will increase in distance. The 4th and last race will be flown from France to Stoke weather permitting on 10th September 2017. You will be able to follow the progress of your bird with updates at least once per week, through the MNFC App, Facebook and our website.

At the end of the season, all the racing pigeons are sold at auction. The date of the auction is still to be finalized for 2017. 40% of the value of the bird goes to the breeder of your leased racing pigeon, 20% goes to you and the final 40% goes to the Midlands National Flying Club. Should your bird do well at auction E.g. £1000 you would receive £200! The MNFC share will be used to promote our hobby of pigeon racing. Please look at our projects to promote the hobby of pigeon racing from our links below.

Based on 750 birds entered in this year’s competition, we have projected that the winner of the final race from France will receive £20,000 and there will be approximately £50,000 paid out in smaller prizes distributed over the first three races and the final race. Please check our One Loft Rules.

Please click on the following link which will take you through registration process. Following the registration, you will be taken to the section where you enter your team name and how many birds you wish to enter. You will then proceed to the payment gateway. Once a successful payment has been made you will receive a confirmation email from the club and a phone call from one of club officials welcoming you to our One Loft Race and answer any questions you may have.

Good luck and we hope you enjoy our One Loft Race.
